AmericasBarometer 2023: El Salvador

Technical Information

Country	Year	Sample Size	Weighted/Unweighted	Fieldwork dates
El Salvador	2023	1,516	Self-weighted	July 12 th - August 3 rd , 2023

LAPOP Lab AmericasBarometer 2023 Survey Round

The 2023 AmericasBarometer represents the 10th round of LAPOP Lab main project, which marks a significant milestone in the realm of public opinion research in the Americas. Over the past decade, the AmericasBarometer has emerged as a leading source of data, providing valuable insights into the political, social, and economic landscape of the region. With its rigorous methodology and extensive coverage, the survey has been instrumental in understanding the diverse perspectives and attitudes of citizens across Latin America and the Caribbean. The AmericasBarometer permits valid comparisons across countries, and time, via a common core questionnaire and standardized methods. Over the years, the AmericasBarometer has interviewed over 385,000 respondents across the region.

In the 2023 round of the AmericasBarometer, LAPOP Lab switched back to its conventional data collection mode (Face-to-Face household surveys). At the heart of the survey's methodology lies a robust and complex sample design. Following the methodology of previous rounds, the 2023 AmericasBarometer 15 291.77 TmET7 72.024 17225(a)5(co)-5()-281(to)3(s)-1024 172JETQq0.00000912 0 612 79

Country	RR1 (%)	RR3 (%)
Argentina	8.8	23.8
