

Since 2004, LAPOP's AmericasBarometer has measured trust in the mass media in the LAC region by asking the following question: **B37. To what extent do you trust the mass media?** In the 2021 survey round, this question was included in surveys in 10 LAC countries. Respondents

indicate their level of trust in the mass media on a scale from 1 (not at all) to 5 (a great deal). The following table shows the percentage of respondents who trust the mass media in each country.
